The Great Chieftain at Rest.

The fluttering pulse has ceased to beat and Ulysses & GRAST lives only in history men have been as it he bedside in daily and hourly expectation of the end, and yet it comes like a blow at the at the tidings that their greatest militars chieftain and twice thosen Chief Ungla-

great emption faced the only for that he ings of his heart ing all I by kindest feelmen the grand old patriot shik to rest in the midst of his own loved ones, and with the in ease of popular his couch of death

In city and town and try settlem ats who ever localty has a the falling of excent man in 1stact. He can Go interrest on the field of lattic a veterans of a limit ted buildefields will SA M and reformed the limes. Heavy or the loss of the Old Comminder, and wildows, and arrived in the night the battle was renew-orphans and aged 1 a cuts will join their and on the 5th and the enemy, defected, weeping with the flicted family at Mount also was about 10,000 from femuly was McGregor, as they think of the ties of

solclosely interwoven with the great events of the past quarter of a ce tury that his biography may be said to end ody the ble tory of his country during that rema kable obituary article and we give the following distinguished care i

of the United States was burn at Point Pleasant, O , April 27, 1812 His attention were Scotch In 1923 his prients om vel to the village of Georgetewn Ohlo where his boyhood was passed. He entered West Point Military Academy in 1833, appointed Congress H's name originally was Hiram Ulyases, but the appointment was blue it had to remain. The study in which he course at the landens, was much mittle He graduated in 1843 rinking 21st in class of thirty-plac and was made a breve second heatement of Infantry and ac supe numerary ant to the Fourth Regiment which Missouri fo tier. In the sum ner of 1845 the regimen was ordered to lexis to join the irmy Gen Baylor Or Scotember 80 Gr was commissioned as a full fleutenant. first blook shell it Pill Alto May 8, 1846 and took par also in the battle of the seign of Vern City

master of his regimen but still particle puted in all active operations and if or 184" he was appointed on the field affire of the battle of Chapultones, (Scotember 13, 184") Cal Gurland commighting the first brightle sald. The real of the enemy from which they were driven by detachments of the Secon I Artillery, under Capt Brooks and the Frarth Infantia under I leut (granf supporte i by other regiments I must not forget to cull at tention to Thur Grant Fourth Infantry who acquitted himself most a bly upor several occasions under my own observation Grant was brevetted captain for his corduct at Chapultepec to dite from the battle. After the capture of the city of Mexico, he returned with his regiment and was stationed first at Detroit, and then

at Sackett « Harbor In 1845, he in irried Miss. Jully, 1, Dent. of ht. Louis, sixter of one of his chasemates In 1852 he accompanied life regliment to California and Oregon and while it fort Vancouver August 5 1853 was commisstoned full expt the On July Mat. 1851, he resigned and removed to St. Louis cul tivating a farm near that city and engag-ing in business as a real estate agent. In 1859 he was copployed by his father in the leather trade at Galena, Ill. Whom the Civil War broke out he was chosen to command a company of volunteers with which happinghed to opringhed. There he was retained as an aid to Gov Y test and acted as mustering officer of Ellnois Volunteers until he became Colonel of the lwenty first Regiment his commission dating from June 17 1804. He joined his regiment at Mattoon, organized and drilled it at Cases ville, and then crossed into Mis sourl, where it formed part of the guard of

the Hannibal and Hudson Railroad On July 31st, he was placed in command of the troops at Mexico, forming a part of Gen Pope s force On August 23 he was promoted to Brigadier General of volunteers the commission being dated back to May 17, and assumed command of the triops at Cairo which were soon in-creased by the addition of Gen Mc Clornand's brigade. He selzed Paducah, at the month of the Tounessee, on September 6. and Smithland, at the mouth of the Cumberland on the 25th. In a proclamation to the citizens of Paducah he said "I have nothing to do with opinions, and shall deal and abettors " On October 16, he sent out a detachment under Col Plummer to check the suyance of the Confederate forces under Gen Jeff Thompson, which was accomplished by a battle at Frederickber 21,) which was so extended as to form one of the largest military divisions in the

core of 15,000 men alded by Com degree, proportionate to their ability as nodore Foote with a fleet of gun boats soldiers, but what I want is, to expess or the capture of Forts Henry and Donel on, the former of which commanded the erland, near the dividing line between Gen Grant arrived in Washingto mmanded by the Confederate Gen omanded/by Gen Buckne

tentucky and Tepnessee Ughman, arrendered on Feb. 6, and Fort n the 18th | The reduction of Fort He y was mainly the work of the gun bonts ort Donelson was only captured after evere buttle (beb 15,) in which the Fed gral forces which had been increased 0,000, or more, sustained a loss of 2 300 to Buckner a proposal that dumination be appointed to arrange th orms of capitalation, Grant wrote terms other than an unconditional and in nedlate surfamilia can be accepted. I pronose to move immediately upon you

The captifre of Fort Dorelson with th defenders except Gen. Floyd a littlgade as the first blilliant and substantial vic tors that hidderoward the Bederal arm To the gratification of so great a militar, access was added a popular idailiation o the terse ind soldler's declaration in which the surrender had been dimmanded, as Sational celebrity He was humediately commission d Major General of Volun teers to date from Fub 15 Gen C F Smith hall been directed by Gen Halleck to make an expedition up the lon lesse alth about 40,000, but he died soon afte it started and the comm and devolved upon Gen Grant A large portion of the force, after Iving three weeks at Pittsburgh Landing in preparation for an attack or Corinth was attacked at day light of April 6th by an operwhelming Confederate fore

side was about to 300 term terminal way McGregor, as they think of the tire of slightly wounded. Cer Halleck arrivin honor and glory in the 1 the a mory of at the front two or three days afterware their own unretur lig ones to the beloved begin sleep operations against Corinth but the Confederates evacuated the place on the inst days of May Hallenk was became commander of the deputinen Corinth the most scrious, problem the dem inded lik himsedlife attention was the in merest outline within the limits of an disposal of guerilles, spics and traders who we corossing the lines on all sorts prefects, carrying information to the ene saued several acvere orders unfed buildings in Memphis and routed hem for the benefit of the United States covernment and give trace wong.

heob that was the last to succume the finger of conscious tenach, and that after in the worm night last of hit Dr. Douglas remail the word fine front's dewas control beneath the peculiarry of ten Grant's deal was explained by the remarkable vicinities are not despite the respirations and of the minute during to of labored breath the of labored breath the decrease of the consciousness, the doctor thought, was a grant of labored breath.

Drs. Dougles, Spritty and Sandy, spectators of the closing He which their efforts and counsel had so prolonged. It is not her and directly before per shood Just and the probable of the beds from this mother and directly before per shood Just and the corner of the cot on the same shear the corner of the cot on the same shear the last seeds and near to each was Mr. N. R. Dawsou, the Gerforn's stenegrapher and londered and gazing directly down into the General's face was Mrs. Col. Grant, Mrs. U. B. Grant, Jr and Mrs. Jesso Grant, while somewhat removed from the family circle Heirry, the curse, and Harrison Tyrre, its General's body servant, were respectively watching the closing life of the patient and then master. Dr. Newman had topaired to the hotel to breakfast and was not present. The feneral's little grand children, U. S. Grast, Jr and Nelle, were asleep in the nursery room above stairs. Otherwise the catiro facility and household were gathered at this bedside of the dying man.

The members of the group had been sympathy in this hout of your great afflication. The belles are the fellowing despatch to Mrs. Grant at Mr. Willey and household were gathered at this bedside of the dying man.

The members of the group had been sprudent. The dotters noticed on entering the room and pressing to the bedside that itready the purplish tinge which is one of nature s.

Signals of Kinal Dissolution that stilled pand and sent the final Dissolution and settled beneathy the inger nalls. The

the pity of God cao heal "

The Grand Army of the Republic Upon result of the news of the death of General Grant, the following wis sent to Col F. D Grant by Gen S S Butdette. Commander-in-clief of the G A R "Expressly, the profound grief of the Grand Control o 6 ignals of Final Dissolution

own inger ups And topped of shallow rapid and was a succession of shallow panting inhalitions, but happily the abproaching end was becoming clear of the ratting fullness of the threat and lungs and as the respirations grow quicker and more rapid at the close they also because less inbured and almost noiseless. This and as the respirations grew quicker and more capital at the close they also became less labored and shoost noiseless. This last was in its rishits a comfort to the watchers by the bedside to whom was spared the sense of an agentian, or alter than a peaceful death.

The Last Ferencial to ther H shand. His with almost constantly stroked the face, forehead and hands of the diving General, and at threes, by a passonate longing to an ert the event so near would risk with in her, Mrs. Graif pressed both of his diving said the public land of the people of the United States, the President of the United States, the President in her, Mrs. Graif pressed both of his impressed with the public land of

stress of the loving suspense

A minute more based and there was a closing around as the General drew a deep retreath. There was an exhaintion like that of our relieved of a long and invious tension. The increases of the group were impelled each a step nearer to the bed and have a step nearer to the bed and that of the president, and in the distribution, that it is near and the hard of expectation in the response and the base of expectation in the response and the base of expectation in the respense and the own of the provident of the conductive departments of the provident of the conductive departments of the conductive departments. in the cosm and the hosts of expectations and suspense and no social broke the silence save the signing of the blids in the pans outside the dothage and the nicer red hrobbing of the chafte that all right had writted by the little mountain dep's down the slope. It is full over quietly spoke. Dr. Douglis, and there came then havily to each witness the realization that Gon Grant was dead. Then the doctors with the parts of larged down the tability.

The Brasilian Accreting of Sinte The President also issued an order disper-ing that all the exactive departments of the Government be closed at 1 this little

NEWSPAPERARCHIVE®____

Mire is a strange story, the story of the one oven-fraught even now with a haunting mystery—in a life otherwise monotonia and uninteresting. What subtle in struct prompts me to tell my tale I know that the structure of the stru ver be connected in my own mind with

that was a common become no some cident had probably delayed her be would triegraph directly she wish sleed. Days grew in a weeks and we

I will not wear in practice of wing my own heart if to his dwelling months black merry and hopeless igone of that fourful time. Two out yours had go a by, and nothing I ling here of the Deprey It was considered as such it is a woold about that she had go be flown and did on heart of my imbuds, who had been very II, took it is to been had the above well. When me to go nod six a few days with like me to go nod six a few days with like me to go nod six a few days with like me to go nod six a few days with like me to go nod six a few days with like me to go nod six a few days with like me to go nod six a few days with like me to go nod six a few days with like a too go nod six a few days with like a too go nod six a few days with like me to go nod the first time white mix maniful 1 four meself skeping und a recture to the was a little country family as a way p

the color in weas the other being flow toward earth till at we lost in the shift own horizon. All return in a 1-7 feat the eye could reach special the wide with a soft moorfand, since that were better of moorfand, since that were better thought I saw the dark outline of some buildings apparently adject it shador outling. As I stood there were he did coviding in the child eight a constant in the child eight a constant in the stood there were the stood to be with the same in the stood that it was made by some in section of the same constant in the discount of this object. I drew closer and lead may be ut we unding in which in wear after in my drowed a section of the same constant in the same and the

over normal and the Mithons of the Little bud forms of a hill form of a hill With one be illiushed forward and there in Ir shallow of the shid crouched apparains the will, I saw the function women apparently divide a soft in the slide resid her in the time for him to the none fell on her facilities on and the feature of my lost has band I recipied in my case whether attend by myself or not I can be say and the slide in the slide in the say and the slide in him slient house, with the cold light of a found slive in the say and the slides most falling tall on any face though it cancer that discussion for the says had one part of the state in handlag are for all that my window opened on a part of none stile recalling down to a garden. It adult the balloud was I had not part of the stiles calling down to a garden. It adult the balloud was I had not part of the stiles calling down to a garden. It adult the balloud was I had not part of the stiles calling down to a garden. It adult the balloud was I had not part of the stiles and the same and the stiles are the same and the signs of the distribution of the control of the state of

stem, this soline: the stem states there is the stem of the shadering, two long hay beams of light,—one above and ore below—shot out from either side of the darken ed mean, jest este had appeared before it was some scends or I could have not been solit to look to the glat, but when I did so there dark and the I saw the culling of the discreted shad. One more the resisted spingulss so load one or a more I was driven gradeally but sorely toward the shed I heard a low more in the wind great in him, it is a based on a more of the shed I heard a low more in the winding cry and raw, just to I had seen at him was an awakening, this time it was no implicable form I touched, but the fragile fligure of a women her had considered flighted as I was, I recollected that I had a single boding up into milm with a damb appealing to sk. I can bling and aftrighted as I was, I recollected that I had a single bottle of brants and water hims pocket, placed there in case I should require it on the journey. With great difficulty I subsected in forcing a few drops past her illas, which seemed to revive a fall altering I have well aligh lifelest boson. I saw that she was prishing with cold; so II railed the poor creature in my arms, took off my shawl, and wrapped it count her, and tried by brisk chaling and rubbing to restore animation. I had, with all the atrength of my lungs, I shouted for help, but except the anary bark of some distant watched, by the half-hour which I would take to hurry home and obtain aid, and so the long olight through I sat there on the damp channer ground, barcheaded and shivering, with the head of the helpless woman on my lop, striving to keep the faint, flickering spark of life from being extinguished. At last, toward daybreak, I heard a wagoner going by, and, loop-leasily hourse, with coid and colling as I was, succeeded in attracting his attention, and inducing him to drive us both to the house. A doctor hastily sent for, who said the poor woman was almost dead from hunger and exhaustion, but that by care a

for they told me after I had been given up' by the doctors I was do-the greater part of the time, and o recollection of hnything, except airloughto greater part of the time, and have to recollection of hything, except that there I was getting better, I had a dim conseiousness of a lamiliar presence in the room, and once fanded some one lasted me on the forchead. The flast personal recognized when my sources cleared, when my mather and the woman whom I had found on that exactful aight, I ling in the shadow of the shad on the bare incath. I gave stronger and stronger, was monetuned out of danger and at last was more made to stronger and take the class of the woman whose life he aid. It I have do not not define the first pot the woman whose life, he said. It I have do not the last of the history of the woman whose life, he said. It I have do not triple differ. She, too has lost her histered. I give her take dancer as in the form his own lips, counting my prestonings and later ruptions.
